

INCLUSION

HEN is committed to equality & inclusion.

We embrace
our diverse community and welcome all people.

We promote inclusion of diversity and value each member of our community.

Our community includes a wide and varied range of differences including age, gender, culture, neurology, religion, language, sexual orientation, physical ability and political opinions.

We are committed to ensuring environments/activities are inclusive and accessible.

Participating in HEN related groups & programs

requires a commitment from all participants, to respect the diversity of our community and contribute to an inclusive and accessible culture.

Your commitment ensures all children, youth and families can enjoy safe and meaningful experiences together.

Not adhering to these values may result in loss of places within groups/activities.

Thank you

for being part of our wonderful community!
